NOTES:

1 Only USB2.0 connection is supported. The Logi CollabOS does not support uncompressed video capture. Video resolution will be limited to 1080p.

2 MTR default camera can be changed in: Teams Admin Settings / Devices / Room Camera. Default audio peripherals can be changed into CollabOS / Display and Audio / Audio / Enable External Audio.

3 Roommate supports only one USB audio device at a time. A USB device with only an audio input will not work in Teams Mode. To avoid issues, disabling USB camera audio support is recommended. CollabOS do not allow selecting preferred audio devices.

* Rally Bar Mini in Zoom Rooms mode requires 720p USB resolution to works, SHARE2/SHARE2U & CAM300 DIP switch #1 below the unit must be ON.
