

INOGENI wins Control, Automation, or Signal Management Solution of the Year at the inaugural AV Awards Americas

Tuesday, March 17, 2026: The winners of the inaugural AV Awards Americas were announced last Tuesday, March 10. The awards, launched by AV Magazine, are a part of a brand-new accreditation program created for the Americas and a regional extension of the global AV Awards. It shines a spotlight on the most outstanding projects, technologies, businesses, and people driving innovation, transformation, and impact across the Western Hemisphere.

INOGENI is proud to be the first-ever winner of the Control, Automation, or Signal Management Solution of the Year category for its entry, INOGENI Toggle Rooms XT.

The multi-award-winning [TOGGLE ROOMS XT](#) 4K60 USB/HDMI switcher effortlessly connects to five USB devices and an HDMI display. Seamlessly switching between 3 hosts, it automatically transitions to a connected laptop, providing convenient charging capabilities of up to 100W via USB-C.

The [2025 award judges](#) were made up of an independent panel of senior representatives from end-user organizations, consultants and key industry leaders

who followed a rigorous two-stage judging process to select this year's winners. The judges praised INOGENI's entry:

Judges recognized INOGENI'S TOGGLE ROOMS XT as a technically accomplished and highly scalable solution, featuring a sophisticated two-box architecture that seamlessly manages multiple USB peripherals across three hosts over long distances without compression. It directly addresses the complex demands of high-end meeting environments with precision, flexibility, and reliability. The submission further impressed with its strong environmental and market credentials. Documented renewable energy usage, local manufacturing, and compelling third-party endorsements from respected partners demonstrated both corporate accountability and clear market adoption. Judges viewed TOGGLE ROOMS XT as a benchmark-setting solution that combines engineering excellence with responsible business practices.

INOGENI was particularly proud to be one of the first winners of the AV Awards Americas. Jeff Meyer, CRO of INOGENI commented below:

"We're honored to receive this first AV Awards Americas recognition for TOGGLE ROOMS XT. Thank you to the jury and our global partners whose feedback confirms its reliability, simplicity, and seamless multi-host switching—helping integrators deliver meeting rooms that simply work. Our thanks also go to the INOGENI team for its smart design—creating reliable, effective products by design, proudly engineered and manufactured in Canada."

Award Entry Overview

[TOGGLE ROOMS XT](#) has won the AV Magazine AV AWARDS AMERICAS for Control, Automation, or Signal Management Solution of the Year — marking our 4th TOGGLE product AV Awards win (2021, 2024 and 2025)! This prestigious honor celebrates INOGENI's dedication to innovation, reliability, and solving real-world collaboration challenges in the professional AV industry. This flagship model, engineered for enterprise-scale hybrid spaces, features a two-unit architecture linked by CAT6A cable (up to 70 m/230 ft) for long-distance extension without signal loss. It supports 5 USB 3.0 devices, HDMI, RS-232, IP, and GPI/relay control, ensuring flawless interoperability with any ecosystem. With USB-C 100W charging, 4K60/5K30 video, and full compatibility with MAXHUB, Airtame, Logitech, Poly, and Lenovo, it's the ultimate BYOD/BYOM solution for modern, flexible workspaces.

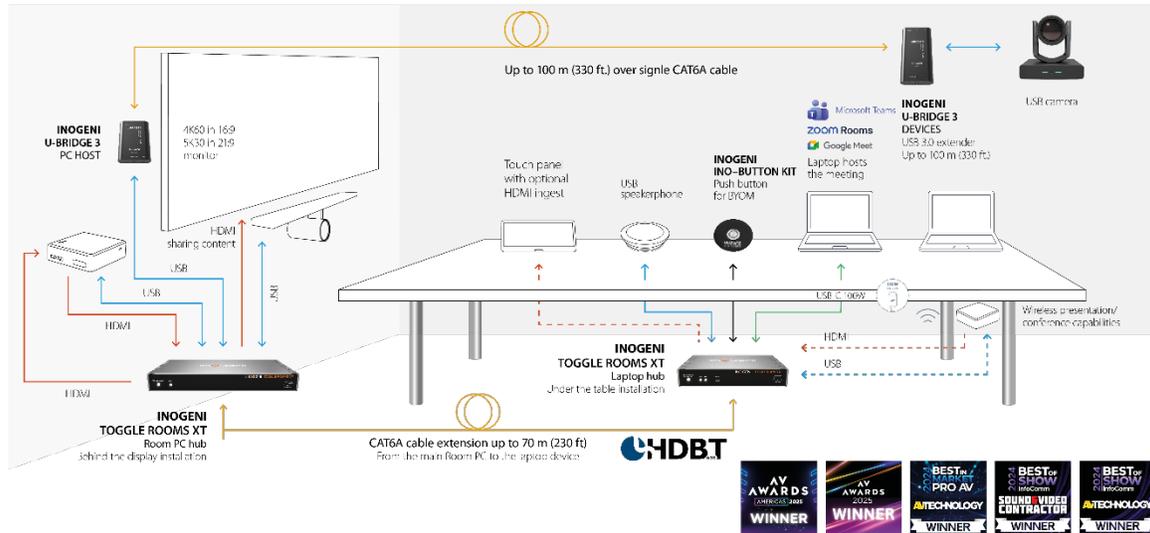

PRESS RELEASE – March 17, 2026

NEW TOGGLE ROOMS XT

The TOGGLE series and INOGENI products are TAA-compliant, engineered, and manufactured in Canada, delivering robust, reliable, and highly compatible AV technology backed by an industry-leading 5-year warranty. Widely used in over 70 countries, INOGENI TOGGLE solutions are trusted and standardized across government installations and numerous Fortune 500 companies, driving tremendous global growth.

Clive Couldwell, Group Editor of AV Magazine, said, *"The inaugural AV Awards Americas has set a remarkable benchmark for excellence across the professional AV industry. The quality, creativity, and technical ambition demonstrated in this year's entries made the judging process both inspiring and incredibly competitive.*

I'd like to extend my sincere thanks to our distinguished panel of judges, whose expertise and dedication ensured a rigorous and impartial evaluation process. Their commitment to recognizing genuine innovation and impact is what gives these awards their credibility.

To be selected as a winner in this inaugural year is a significant achievement. Congratulations to all of the companies and individuals recognized; your work represents the very best of the AV industry across the Americas."
