FOR IMMEDIATE RELEASE

INOGENI Announces New Distribution Agreement with COMM-TEC to Expand Presence Across Germany, Austria and Eastern Europe

Quebec, Canada – [June 15, 2026] – INOGENI, a leading designer and manufacturer of innovative USB, BYOD/BYOM, and multi-camera integration solutions for modern conferencing and AV environments, today announced a new distribution partnership with COMM-TEC GmbH, one of Europe's premier value-added distributors for professional audio, video, collaboration, and multimedia solutions.

Under the agreement, COMM-TEC will distribute INOGENI's full range of plug-and-play USB, HDMI, BYOD/BYOM, switching, and multi-camera solutions across Germany, Austria, and Eastern Europe. The partnership gives system integrators and resellers easier access to INOGENI technology through COMM-TEC's established partner network, technical expertise, training resources, and project support capabilities.

Jeff Meyer, Chief Revenue Officer at INOGENI, commented: *"We are thrilled to partner with COMM-TEC, a highly respected value-added distributor with deep experience in the professional AV market and a strong network of integrators and resellers. This agreement represents a significant step in expanding INOGENI's footprint in Europe. COMM-TEC's technical knowledge, partner enablement and*

commitment to quality align perfectly with our mission to deliver reliable, easy-to-use solutions that simplify professional video conferencing and collaboration."

Leon Gall, Head of Portfolio Management at COMM-TEC, added: *"INOGENI addresses many of the practical interoperability challenges our partners face when designing modern collaboration spaces. Their expertise in USB connectivity, BYOD/BYOM workflows, and multi-camera integration makes the portfolio a strong addition to our professional AV offering. Together, we can help integrators deliver more flexible, reliable, and user-friendly solutions for meeting rooms, education, and hybrid workplaces."*

This strategic partnership is effective immediately and will enable faster access to INOGENI solutions across Germany, Austrian, and Eastern Europe.

INOGENI's product line includes the award-winning TOGGLE Series switchers for BYOD/BYOM environments, TOGGLE ROOMS solutions for USB/HDMI device sharing between room systems and laptops, and CAMTRACK, the company's voice-activated multi-camera switcher for automated camera switching in boardrooms, classrooms, training spaces, and other professional conferencing environments. Together, these solutions address the growing demand for simplified, high-performance integration and interoperability.
