

FOR IMMEDIATE RELEASE

INOGENI Appoints InterSign as New Distributor for Denmark

Quebec City, QC, Canada – October 1, 2026 – INOGENI has appointed InterSign as its new distributor for Denmark, expanding availability of INOGENI's video conferencing and AV solutions in the Danish market.

InterSign is a leading Danish Pro AV distributor specializing in digital signage, professional displays, audio systems, and signal distribution — with a network of dealers and integrators across Denmark, recently strengthened by its acquisition of Imago Sonas.

The partnership brings INOGENI's Plug-And-Go lineup to Denmark, including the TOGGLE ROOMS series of 4K BYOD/BYOM switchers, the SHARE2U camera mixer, USB extenders, and capture cards — all driver-free and built for fast, reliable hybrid meeting setups.

*"We are excited to partner with InterSign to bring our reliable and innovative AV solutions to more customers in Denmark," said **Jeff Meyer, Chief Revenue Officer at INOGENI**. "InterSign's expertise in the professional AV sector and commitment to quality make them an ideal partner."*

Mads Nørskov, Senior Sales Specialist at InterSign, added: *"Their Plug-And-Go technology perfectly complements our portfolio, offering integrators and end-users simple, high-performance solutions for modern hybrid workspaces."*

INOGENI products are manufactured in Canada and compatible with Microsoft Teams, Zoom, and Webex.
