

INO-MOUNT

Easy mounting clip for INOGENI converters and extenders

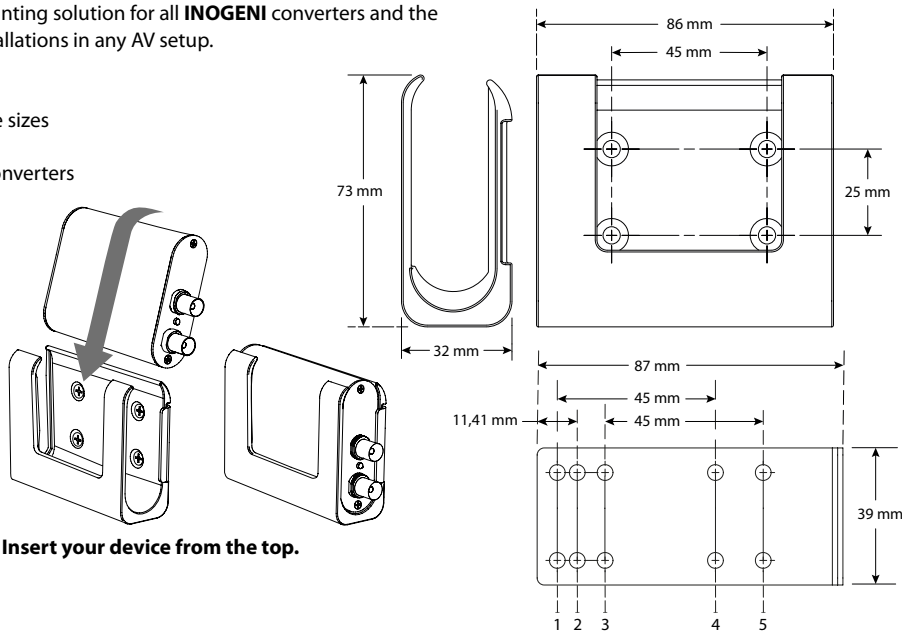

Introducing the **INO-MOUNT by INOGENI**, the versatile mounting solution for all **INOGENI** converters and the U-BRIDGE 3. Built for stability and ease, it ensures secure installations in any AV setup.

- Flexible, durable PVC plastic construction
- Mounts via screws or tie wraps
- Metal bracket stopper adjusts to fit various INOGENI device sizes
- Compatible with all INOGENI converters and U-BRIDGE 3
- Included with U-BRIDGE 3, available separately for other converters
- Eliminates the need for Velcro or unstable setups
- Suitable for under-table, wall, or rackmount installations
- Reusable and recyclable
- Designed in Canada.

Installation steps

What you'll need for the installation:

- INO – MOUNT includes:
  - 1x mounting clip
  - 1x mounting lock clip
  - 4x screws
- One of INOGENI's converters or extenders
- Drill and screwdriver

Under a Table or on a Wall

- Adjust the position of the metal plate according to your INOGENI unit and use the 4x screws to lock the clip with the metal plate to the surface.
- Slide your unit into the mounting clip, with the brand and information visible to the user.
- Connect your INOGENI devices to your equipments.

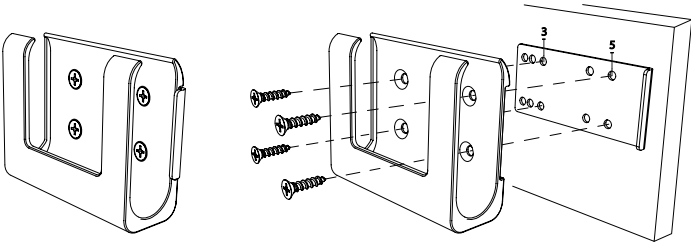

In a Rackmount

- Use a tie wrap and thread it through the 2 insertion holes to position the INO-MOUNT.
- Tighten the tie wrap to secure the bracket and hide the excess in the space provided at the bottom of the INO-MOUNT.
- Slide your INOGENI device (Converters or U-BRIDGE 3) into the mount.
- Connect your device.
